Greenfield Institute: Examination and Attendance Policy 2026

Academic regulations for undergraduate students (Test Document)

1. Attendance Requirements

A student must have a minimum of 75 percent attendance in each subject to be eligible for the end-semester examination. Attendance is calculated separately for theory and laboratory sessions.

Students with attendance between 65 and 74 percent may apply for condonation by submitting a medical certificate and paying a fee of Rs. 500 per subject. Students below 65 percent are detained and must repeat the course.

2. Internal Assessment and Passing Marks

Each subject carries 100 marks. Internal assessment accounts for 40 marks, made up of two mid-semester tests of 15 marks each and assignments worth 10 marks. The end-semester examination carries 60 marks.

To pass, a student needs at least 40 percent overall and at least 21 marks out of 60 in the end-semester paper. Failing either condition results in a backlog in that subject.

3. Conduct During Examinations

Students must arrive 20 minutes before the start of the examination and carry their college identity card, without which entry is not permitted. Mobile phones and smart watches are strictly prohibited in the hall.

Any use of unfair means, including copying or impersonation, is punishable by cancellation of the paper and suspension for one full semester. Repeated offences may lead to dismissal.

4. Re-evaluation of Answer Scripts

A student who is unhappy with a result may apply for re-evaluation within 7 days of the result declaration. The fee is Rs. 750 per paper, and the outcome is announced within 15 working days.

The marks awarded after re-evaluation are final and cannot be challenged again. If the marks increase, the fee is refunded.

5. Grading System

The institute follows a 10-point grading scale. Grade O (90 to 100 marks) carries 10 points, A+ (80 to 89) carries 9, A (70 to 79) carries 8, B+ (60 to 69) carries 7, B (50 to 59) carries 6 and C (40 to 49) carries 5. Below 40 marks the grade is F, which means fail.

The Semester Grade Point Average (SGPA) is the credit-weighted average of the grade points earned in that semester.

6. Backlogs and Supplementary Examinations

Supplementary examinations are conducted once a year, in July. A student is allowed a maximum of 3 attempts to clear a subject, and the fee is Rs. 1,000 per paper.

The maximum duration to complete the 4-year B.Tech programme is 6 years. Medical leave is accepted only if the certificate is submitted within 5 days of returning to college.
